In 2024, 3M Health Care spun off from 3M Company, creating a new, standalone, world-class healthcare company. That new company is called Solventum. Our name may be new, but our experienced team, trusted technologies and exceptional service and support aren't changing. We're here to help you create many more beautiful, healthy smiles. Learn more at Solventum.com.

3M™ Filtek™ Easy Match Universal Restorative

Experience shade matching made simple. Easy. Intuitive.

Simplicity without sacrifice.

Bright. Natural. Warm. Just 3 shades deliver an excellent match to almost any patient's smile. That means a simpler workflow for single-shade restorations – with natural-looking results to make your patients proud.

- Just 3 shades: Bright, Natural, Warm
- No complicated shade guide
- No blocker required

Excellent polish retention

Excellent strength and wear resistance

Firm handling

Safe for composite warming and injection moulding¹

How does it work?

With the power of naturally-adaptive opacity.

Filtek Easy Match Universal Restorative is optimally aligned with both dentin and enamel, helping it blend with surrounding tooth structure and delivering a natural look.

Tokuyama OMNICHROMA®
No blocker used

3M™ Filtek™ Easy Match Universal Restorative, Natural Shade
No blocker needed

Shade selection is intuitive and straight forward:

Together, the 3 shades of 3M™ Filtek™ Easy Match Universal Restorative cover the VITA classical shades – no blocker needed.

| | | |
|---|--|---|
| | | |
| Bright (B) Bleach, A1, B1, B2, C1, D2 | Natural (N) A2, A3, C2, D3, D4 | Warm (W) A3.5, A4, B3, B4, C3, C4 |

Bright

Representative example of Bright tooth shade.

Bright: low chroma, high value

Natural

Representative example of Natural tooth shade.

Natural: balanced, mid-range chroma and value

Warm

Representative example of Warm tooth shade.

Warm: high chroma, low value

¹. Warm capsules up to 70°C/158°F for up to 1 hour.

Part of the 3M™ Filtek™ Dental Restorative family

Trusted for more than 50 years.
2 billion restorations – and counting.

Powered by our **true** nanotechnology, 3M™ Filtek™ Dental Restoratives have helped clinicians around the world create over 2 billion restorations. Whether you need a universal, flowable or bulk-fill composite, anterior or posterior, the Filtek family gives you esthetic and efficient solutions.

One system, three shades: A simplified solution

New

Solventum™ Filtek™ Easy Match Flowable Restorative

It's time to add a simplified flowable to your toolbox! Featuring virtually bubble-free delivery, our newest flowable complements **3M™ Filtek™ Easy Match Universal Restorative**. Just three shades provide an excellent match to most patients' smiles.

Both composites offer intuitive shade selection, naturally-adaptive opacity, and the excellent polish retention and wear resistance you've come to expect from Filtek dental restoratives — thanks to our TRUE nanotechnology.

Plus, they are indicated for composite warming with the fast, easy and portable **Solventum™ Filtek™ Composite Warmer!**

Featuring naturally-adaptive opacity

Provides enamel-like translucency where you need it and dentin-like opacity everywhere else — without the need for a blocker.
